 (H/T The Washington Times) Have something to add to this story? Share it in the comments.One of our clients recently wanted to take their dog, a 4 year old, to the beach after a long day at work to see the sun go down at approximately 7am. She wanted a dog pool nearby so she asked us what type of water we wanted for it so we could tell her when she needed one and let her know the pool is usually full, in which case they would be welcome to come to our home anytime as long as the pool is filled up before then and it was full before it went over the mark. This was her request, and we are happy to assist.. My family and I were happy to offer to be her Jade Jade (and its sibling, JBSharp) is open source Python based tool for the creation and application of 3D animations using JavaScript.
